TMAA Philanthropic Fund Health Grants

In March, 2015 the TMAA Philanthropic Board of Managers approved to award Health grants to members of the TMAA for projects which qualify as a M.E.D.S. project.

Make Every Drug Safer (M.E.D.S.) is TMAA’s multi-year Health Promotion Initiative which could encompass a myriad of projects to educate, help, and encourage Safe Use, Safe Storage, and Safe Disposal of medications. Examples of programs that fall under the broad umbrella of M.E.D.S. include creating and distributing education flyers, assisting and promoting Take-Back programs, purchasing drug lock-boxes to donate to local medical clinics to distribute to their patients, and many, many others.

The grants will be awarded in amounts up to $500 per application, and will be awarded quarterly. The first quarter of each alliance year will be July, August, September, and so on. The Philanthropic Board of Managers has voted and approved that at no time shall the Board of Managers award funds in an amount greater than 50 percent of the total value in the fund during the course of a full year, or four quarters. For example, if the total amount of money in the Philanthropic Funds equals $5,000 at the beginning of the fiscal year, then no more than $2,500 can be awarded during the course of the year, unless the overall value of the fund increases through donations and/or fundraising efforts. For example, under this scenario, if the fund received a donation of $1,000, an additional $500 would be available for grants during the quarter received. The spirit of the granting process is to never give away more than 50 percent of our total funds.

The Grant Application Form will be online and can be submitted to the Chair of the Board of Managers (who is the Immediate Past President of TMAA) anytime during the quarter. The committee will award grants based on their review of applications and available funds.
